ABOUT NIMDAC

Northern Indian Medical and Dental Association of Canada (NIMDAC) was founded in 1993. Over the past 26 years, NIMDAC has grown stronger and bigger. There are now over 500 active members. It is a non-profit organization which is run by the office bearers who are elected by the members annually.

NIMDAC's goal is to update its members with the current medical literature, with the scientific and educational programs, which are held regularly throughout the year. We organize educational, charitable, social and cultural events throughout the year.
